NEW YORK, August 11.—The mos conspicuous movement in the marke to-day was in the Louisville and Nash

conspicuous movement in the market to-day was in the Louisville and Nashiville group, embracing that stock, the controlling Atlantic Coast Line and the controlling Atlantic Coast Line and the general list against the force of realizing sales where earlier strength in particular stocks failed to do so. Union Pacific's sudden advance to a new high record at 207, late in the day, transformed Alie market from weakness to strength. The professional element was quite generally on the side of lower prices, and the disposition to sell stocks on good news was believed to emanate from quarters regarded as influential in the control of current price movements. The passing of influences relied on to keep alive speculation and to hold prices together, with the hardening tendency of the money market, supplies the motive for this speculative atilitude.

The movement in the Southern group

The movement in the Southern group was accounted for by reports of an intended bonus to stockholders to take the form of a stock issue to cover expenditures made on the property out of income and the treasury surplus.

There was no authoritative information to be had regarding this plan, bit the buoyant rise in the stock lent credence to it. The accompanying rise in Atlantic Coast Line was a natural sequence, in view of the ownership by that company of a majority of the stock of Louisville and Nashville. The jump in the receipts for Hocking Valley stock was the result also of a "deal" rumor which pointed to the absorption of that property by the Chesapeake and Ohlo in furtherance of the proposed project for the junction of the so-called Hawley railroads.

The rise in Northern Pacific was in Tesponse to the strong showing of June earnings, the net revenue from operations for the month doubling that for the corresponding month last Chest

CHICAGO GRAIN MARKET.

CHICAGO ILL., August IL-Wet weather in the Red River Valley of the North prompted liberal purchases of wheat by shorts on the Board of Trade to-day, re-sulting in net gains at the close of % Co. Coarse grain and provisions also closed strong.

Coarse grain and provisions also closed strong.

An advance of 1d. to 1%d. in the price of wheat at Liverpool imparted a builish tone at the start, and opening quotations showed gains of ½01%c. compared with yesterday's closing figures. Export business was still a negative quantity, and the absence of foreign demand for eash grain encouraged some short selling. During the day the September delivery sold between 7% % 98%c. The market closed firm with September at 18%c.

Builish sentiment provailed in the corn

ber at 98%c.

Bullish sentiment prevailed in the corn market throughout the entire day, owing to continued hot weather in the corn belt, firm cables and reports of damage to the crop in Roumania, Bulgaria and Southern Russia. The market closed strong at almost the highest point with prices up 4% %c. (o 14%14c.

Oats were firm, owing to a brisk demand by, shorts. At the close prices were %6%4c. to %c. higher than the previous close. Local packers were active bidders for lard and ribs, and the provision market closed strong with prices unchanged to 32%c. higher.

On Foreign Exchanges

LONDON, August 11.-The supply LONDON, August 11.—The supply of money exceeded the demand on the market to-day, and discounts were quiet. Trading on the Stock Exchange kept generally steady in spite of the poor public support. Professional operations advanced the quotations on Diamond shares, Kaffirs and American securities, while copper shares improved on the strength and activity of them all. Consols eased on realizing.

ing.
American securities opened about American securities opened about parity. The speculative favorites advanced slightly on light support, but later eased fractionally and at noon the market was steady, with prices from 1-4 above to 1-4 below yesterday's New York closing. Southern Pacific and United States Steel were the most active, but in the afternoon copper and Louisville and Nashville monopolized attention, The market closed dull and easy.

BERLIN, August 11.—Prices were firm on the Bourse to-day, and the trading was active. Exchange on London 20 marks, 45 pfennigs for checks. Money, 2 per

Private rate of discount 2 1-8 per cent.

PARIS, August 11.—Prices on the Bourse to-day were firm. Closing, 3 per cent, rentes, 98 francs, 7 1-2 centimes for the account. Exchange on London, 25 francs, 19 centimes for checks.

CUSTOMS RECEIPTS.

WASHINGTON, August 11.—Receipts from customs to-day aggregated \$1,-241,538, as against \$1,039,703 for the corresponding day last year. The ex-cess is attributed chiefly to the large imports of certain articles on which rates were decreased by the new tariff

aw. Importers had opportunity to learn Importers had opportunity to learn the character of articles on which rates were likely to be, reduced, and I stocks of those goods had been allowed to run low. Purchases and shipments were timed, in order to reach the United States after the new law became operative. Business shrewdness dictated the delay, just as it was responsible for the heavy importations, before the old law lapsed, of articles Financial.

Manufacturers Demand Higher Grade of Steel for Bollers,
DETROIT. MICH., August 11.—Insist demand for steel fit for use in the manufacture of safe, high-grade bollers was made in a resolution adopted by the American Boller Manufacturers' Association in convention here to-day. The resolution complains that for years boller manufacturers have valuly tried to have the manufacturers of steel furnish them with material which would tend to minimize explosions.
